2021

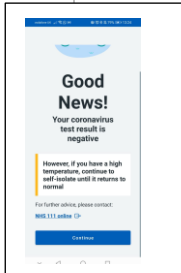

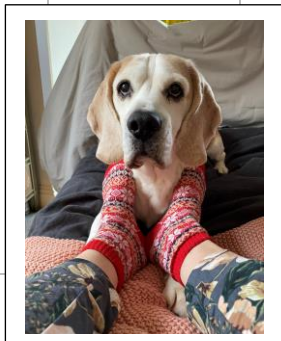

Compleet Feet Podiatry Alton and Westbourne Clinics

## Glance at the month

What a start to the year! New Lockdown, but the show must go on. As an essential medical service Compleet Feet will continue to offer clinics for all patient category groups. Covid screening will continue and all safety measures.

|                                                                                    | Monday                                                                              | Tuesday                                                                             | Wednesday                                                                                                                              | Thursday                                                                                                            | Friday                                                                                                                                      | Saturday                                                                              |

Our snapshot calendar was planned to January 15<sup>th</sup> 2021. In these strange Covid times anything could change, so please keep an eye out for our Face Book and Yell updates. History gets written day by day, nothing set in stone...

All categories of patients are being treated. We urge patients to keep attending their appointments to take some strain off the NHS. Podiatrists act as a 1<sup>st</sup> line defense service. We can pick up potential problems, treat or point patients in the right direction.
